

Mobile Wallet

Enroll your debit card in Apple or Android Pay.

Getting started with mobile wallets

Open the “**Mobile Wallet**” app on your phone. Select **Add** and follow the prompts to add a new card.

Position your card in the frame to capture the card details - or - enter card details manually.

The app will save the card details to your phone's mobile wallet.

Review and agree to the Terms and Conditions.

Follow the prompts for a card verification code.

The card has been added to your mobile wallet.
